

Harson's Newsletter December 2021

Greetings

Little did I think as I struggled with my Classical Studies at Radley College in 1958, that I should be grateful for my knowledge of Greek in my latter years. Today we find ourselves battling with yet another Covid variant, OMICRON and hopefully we will defeat it by our own vigilance and common sense.

The last year has been a frustrating one for all of us; and matters of Purchasers have been difficult to organise and to attend. I was delighted to be able to get to London in early November, to be on Parade for a luncheon in St John's Wood organised by Dominic McCully. The attendance was highly gratifying and some had come from Gloucester and Scotland, a testament to their dedication to the Purchasers. My thanks to Dominic for all his hard work in arranging this function.

You will be aware that Bertie Prestige has replaced Douglas McCully as Chief Crook. On your behalf, I have sent Douglas a case of red wine to thank him for his many years of labour, in Naboth's vineyard on our behalf.

I send you all my best wishes for Christmas and a healthy 2022.

Festive Greetings

Harson
